

The role of the health sector in the Strategic Approach to International Chemicals Management towards the 2020 goal and beyond

The Seventieth World Health Assembly, having considered the report on the role of the health sector in the Strategic Approach to International Chemicals Management towards the 2020 goal and beyond,¹ decided:

- (1) to approve the road map to enhance health sector engagement in the Strategic Approach to International Chemicals Management towards the 2020 goal and beyond;
- (2) to request the Director-General to report to the Seventy-second World Health Assembly on progress made in implementing the road map, and at the Seventy-fourth World Health Assembly to report further on progress, as well as on actions undertaken by the Secretariat to update the road map in the light of the outcome of the intersessional process to prepare recommendations regarding the Strategic Approach and the sound management of chemicals and waste beyond 2020.²
