## MESSAGE FROM THE GOVERNOR.

Hon. J. R. Bowman, Private Secretary to the Governor, appeared at the bar of the House and, being duly announced, presented a message from the Governor, which was read as follows:

Executive Office,  
State of Texas.

Austin, July 19, 1910.

To the Senate and House of Representatives:

In response to a popular demand and in obedience to what appeared to be a general desire of the insuring public, this Legislature, at its First Called Session, enacted, and the Executive approved, the law contained in Chapter 18 of the General Laws of the Thirty-first Legislature, and known as the Fire Rating Law.

At the time of the enactment of this law and for many years prior thereto there was a widespread and well-found-

ed dissatisfaction with general fire insurance conditions, and especially was there dissatisfaction with respect to the fire insurance premium rates, and the people were ready to welcome almost any proposed remedy for the evils and inequalities obtaining. It was a matter of common knowledge that small property owners were uniformly required to pay higher rates of insurance than their more fortunate neighbors with large holdings. Under conditions then existing the fire insurance premium rates were unfair, inequitable and affected adversely a majority of the individuals composing the insuring public. The assurances of benefits to accrue to the people under the law as proposed and enacted won for it in advance almost universal approval. It had for its object the regulation and control of fire insurance premium rates, the prevention of so much fire waste and not only a reduction of fire insurance premium charges, but a more equitable adjustment of fire insurance rates applying on property covered by insurance in Texas. The unusual fire waste in the State, together with the inequitable and unequal premium rates charged by the fire insurance companies created the demand for legislative action, and while the action taken is believed to be a move in the right direction and while regulation of fire insurance companies and of fire insurance rates is believed to be sound in principle, still the law as framed and as attempted to be applied under technical construction, has been a disappointment to its friends and to the insuring public. That it is defective and inadequate and that it is insufficient to meet and correct the acknowledged evils, all will now admit. That a law under which existing conditions are possible should not stand, but should be repealed, is a proposition that can not be successfully combated.

Some of the defects in the act were apparent at the time of its approval by the Executive, but, inasmuch as it carried with it a discretion to be exercised in its enforcement by the officers charged with the duty, and indulging the hope and belief that such discretion would be employed in the interests of the people and with fairness to the companies, and having every confidence that such discretion would always be exercised in an effort to give full force and effect to the manifest in-

tention of the Legislature, and believing that a fair test of the principle involved could be and would be made, I approved it, and undertook to provide relief to the people under its provisions. It was believed that the principle of State regulation and control of fire insurance premium rates was practicable under just regulation laws, and that the State should not hesitate to assume and discharge that duty. It was also believed that the law as passed, although defective in many important essentials, would by a practical administration, vindicate the wisdom of entering this new field of corporation regulation. The people were, and are, entitled to a fair test of the principle under an effective and comprehensive law. It was inconceivable at the time of the enactment of the law that the legislative intention would be so warped by tortured and technical construction, as to furnish the insurance companies an opportunity to levy additional tribute and oppress the people. The fact remains, however, that the insurance companies are attempting to avail themselves of their surprising opportunity, and are proceeding along lines which will necessarily result in a loss to the insuring public of hundreds of thousands of dollars per annum.

The law which was intended to secure reasonable and fair premium rates under regulations fair and just to all, has been given an interpretation by the insurance companies which was never intended. Corporate greed again asserts itself and a combination of circumstances with which the public is familiar, has brought about the intolerable situation which demands legislative action. Conditions have arisen which demonstrate the inadequacy of the law as framed, and as an effort to amend the law might result in further complications and difficulties, the following procedure is respectfully recommended:

1. The passage of a bill repealing the law referred to outright.

2. The enactment of an adequate law to prevent combinations by the insurance companies to destroy competition in fire insurance rates in Texas: providing appropriate penalties therefor and providing means for the enforcement of same.

3. The enactment of a law regulating and controlling fire insurance companies doing business in this State, and

the regulation and control of fire insurance premium rates; to establish and fix rates and to effectively prevent the use of what is known as the "key rates," recently promulgated by the fire insurance companies. Such law as may be enacted should provide proper penalties for all violations of the law and embrace ample provisions for the enforcement thereof.

4. The enactment of a law prescribing the conditions under which fire insurance companies chartered under the laws of other States may secure permits to do business in Texas and providing that such companies shall show by appropriate proof and in manner and form to be prescribed by the law, that the company has never at any time undertaken to dominate legislation by threats to withdraw from the State, and that the company has never at any time withdrawn from this State or ceased to do business in Texas on account of any law enacted by a Legislature of Texas.

Fire insurance companies, and other corporations, undertaking to dominate legislation by threats to withdraw from the State, and companies that actually withdraw from the State or cease to do business in the State for such reasons, should not be permitted to re-enter the State on any condition, and adequate laws in this respect are respectfully recommended.

There are other important subjects that will be presented for the attention and consideration of the Legislature at an early date, but for the present the following additional subjects only are presented to your honorable bodies for consideration:

1. The enactment of suitable and effective laws to prohibit the exhibition of prize fights or glove contests by means of the moving picture films or other devices, in moving picture shows, or elsewhere, by any association, corporation or individual, and also to prevent immoral exhibitions by and through such agencies.

2. The enactment of a law making appropriations to construct, enlarge and equip additional buildings for the care and treatment of the colored insane at the State Asylum at Austin and for other necessary repairs and equipment for that institution.

Ample provision has been made for all the insane except perhaps seventy-five negroes now confined in county

jails, for whose care and treatment accommodations should be provided without delay.

I will again communicate with the Legislature during the coming week, and from time to time as the welfare of the people may demand.

Very respectfully.

T. M. CAMPBELL,  
Governor of Texas.

#### ASKING FOR MAIL SERVICE AT ALDER BRANCH.

Mr. Strickland offered the following resolution:

Whereas, About one year ago the postmaster at Alder Branch, Texas, and the Postmaster General's Department had some misunderstanding as to whether or not money orders could be handled in said office; and

Whereas, As a result of said misunderstanding the postoffice at Alder Branch was abolished by the Postmaster General; and

Whereas, The people of the community aforesaid, which composes a territory of about ten miles square, made application in proper form for rural service, the same being passed on favorably, the route inspected and approved; and

Whereas, This rural route running out of Slocum, as contemplated, would bring mail service almost to the door of hundreds who are now almost without any mail facilities, most of them getting their mail at the general delivery at Palestine, Texas, fifteen miles distant and that only once every two or three weeks; and

Whereas, The said Postmaster General's Department, after having inspected and approved the rural route aforementioned, stated that "they can not install this service at this place on account of the depleted condition of the treasury," stating that there were so many rural routes asked for that it would be impossible to establish all of them; and

Whereas, From the facts before us we believe that the situation in this instance is so distressing as to demand immediate relief, and the case an exceptional one; therefore, be it

Resolved, That it is the sense of this body that these people need relief and we hereby request the Postmaster General's Department to reopen this matter,

and if in their wisdom they see proper, to alleviate the conditions above referred to. Be it further

Resolved, That a copy of this resolution be sent to the Postmaster General.

The resolution was read second time and adopted.

#### HOUSE BILLS ON FIRST READING.

The following House bills were introduced, read first time and referred to appropriate committees as follows:

By Mr. Nickels:

#### BILL SIGNED BY THE SPEAKER.

The Speaker signed, in the presence of the House, after giving due notice thereof, and its caption had been read, the following bill:

House bill No. 5, "An Act to prohibit the exhibition of prize fights or glove contests and any obscene, indecent or immoral show or exhibition by means of moving picture films, bioscopes, magic lanterns or other devices in moving picture shows, theaters, or any other place whatsoever, by any association, corporation or any agent or employe of any person, association, corporation or receiver, firm or person; providing penalties therefor, and declaring an emergency; and to repeal all laws in conflict with this act; and providing that this act shall in no way repeal or be in conflict with Chapter 10, Articles 1005 and 1005a of the Penal Code of Texas, and declaring an emergency."

#### MOTION TO RECONSIDER VOTE ON HOUSE BILL NO. 20.

Mr. Buchanan moved to reconsider the vote by which House bill No. 20 was on yesterday passed to engrossment, as follows:

"Whereas, House bill No. 20 was introduced and filed in this House on August 4, 1910, caption read and immediately referred to the Committee on Liquor Traffic, and on the same day acted on by said committee and reported back to the House with the recommendation that it do pass, and that said bill was then for the first time printed and was not placed on the members' desks until about 10 o'clock a. m. on the 5th day of August, 1910, and at about 11 o'clock a. m. same day the House adjourned until about 3 o'clock p. m. When it convened then House bill No. 19 was, against the will and over the protest of the minority, postponed until the following Monday for the sole purpose of

reaching House bill No. 20 on House calendar. The Speaker then laid before the House said House bill No. 20, when the gentleman from Hunt immediately proposed an amendment to bill on which a point of order was raised by Terrell of Bexar, as appears on the Journal of this House, said point of order being overruled, ruling appealed from, the House sustained the Chair. Thereupon the House adopted the amendments. Whereupon the gentleman from Hunt moved the previous question on the bill; but perhaps realizing that no discussion had been allowed on said bill, and free discussion as guaranteed by Section 32, Article 3 of the Constitution had been absolutely denied, withdrew said motion. Whereupon the Speaker Pro Tem., then presiding, refusing to recognize numerous members who were opposed to bill, declared the question to be on the engrossment of the bill and without allowing any discussion of or deliberation on said bill amid tumult and disorder put the question by a viva voce vote and declared the bill passed to engrossment.

"Such being the facts, I move that the vote by which House bill No. 20 was passed to engrossment be reconsidered because the Constitution provides that 'no bill shall have the force of law until it has been read on three several days in each house and free discussion allowed thereon' and that it takes 'four-fifths' of the House to suspend this imperative constitutional provision.

"The bill itself being unconstitutional, the vote by which it passed being illegal and unconstitutional, the vote should in good conscience be reconsidered."

Pending consideration of the motion to reconsider, Mr. Rayburn and Mr. Hill occupied the chair temporarily.

(Speaker in the chair.)

Question—Shall the motion to reconsider prevail?

#### BILL ORDERED NOT PRINTED.

House bill No. 29, amending the charter of the city of Palestine, was ordered not printed, on motion of Mr. Strickland.

#### MESSAGE FROM THE GOVERNOR.

Hon. J. R. Bowman, Private Secretary to the Governor, appeared at the bar of the House, and, being duly announced, presented a message from the Governor, which was read as follows:

Executive Office,  
State of Texas.

Austin, Texas, August 6, 1910.

To the Legislature:

By virtue of the authority vested in me by Section 40, Article 3, of the Constitution of the State of Texas, I hereby designate and present to you for your consideration the following subjects and suggest legislation thereon:

1. Legislation requiring the erection and maintenance of buildings for the protection from rain, wind and inclement weather of employes engaged in repairing railroad cars and other railroad equipment, and providing penalties for violations, and regulating suits for such penalties, and such further legislation upon this subject as may be appropriate and is necessary to provide proper protection to employes engaged in such work.

2. Legislation requiring persons, firms, corporations and associations of persons engaged in compressing cotton in this State to so bind and tie all bales of cotton so that no bale of cotton by them compressed, recompressed, baled or rebaled, shall be delivered to any railroad company or other common carrier unless the same is free from "spiders," exposed ends of bands or any exposed or any obtruding part of the ties, bands, buckles or splices used in tying or baling such bale of cotton, and to provide penalties and methods of enforcement of the laws enacted on this subject.

3. Legislation making an appropriation for the repair, improvement and construction of a sewerage system and for general repairs for the North Texas Hospital for the Insane. An appropriation approximating \$5000 will be necessary for the repairs and improvements here mentioned, and as the present sewerage system is not only endangering the health of the inmates of the institution, but of the people of the city of Terrell, it is respectfully urged that action be taken at once.

An appropriation of \$1200 for overhauling and repairing the three boilers at the Deaf and Dumb Institute, and to put them in safe working condition, is also presented for your consideration. This work should begin at once, so that the boilers may be made safe prior to the opening of this Texas School for the Deaf and Dumb, in September.

The General Appropriation Bill carried an item of \$1200 for clerk hire for the State Tax Commissioner, which item

was vetoed, as it was believed that the Commissioner would only need the services of a clerk during the months of May and June, and that provision could be made therefor by a deficiency appropriation. The Commissioner employed a clerk for the months mentioned at \$100 per month, and as there is some doubt about the authority of the Governor to allow deficiencies in the absence of an appropriation naming the item to which such deficiency could be attached, it is here suggested to the Legislature that an appropriation of \$200 be made to pay for the services of the clerk employed for the months of May and June as above stated.

4. Legislation amending the election laws of the State of Texas as may be deemed necessary by the Legislature and as may be necessary to conform to the amendment of Section 120 heretofore submitted by message to your honorable bodies.

5. Legislation reorganizing the Seventieth Judicial District of Texas, and to fix the time of holding court in each of the counties of the said Seventieth Judicial District, and declaring an emergency. The act creating the Seventieth Judicial District is Chapter 8, General Laws of the Thirty-first Legislature, page 10, which act was approved February 3, 1909, and became a law on the same day. The said district was at the time of creation composed of the counties of Midland, Ector, Gaines, Glasscock, Reeves and Ward, and the unorganized counties of Andrews, Winkler, Crane, Loving and Upton. Since the creation of the district the counties of Andrews, Winkler and Upton have been organized and the counties of Crane and Loving remain unorganized. The three counties organized now have no established and fixed terms or sessions for the district court in such counties, and it is of great public importance that terms of court for said counties should be provided by law at once.

Very respectfully,

T. M. CAMPBELL,

Governor of Texas.

Mr. Gilmore moved to reconsider the vote by which House bill No. 7 was passed and to table the motion to reconsider.

The motion to table prevailed.

## REASONS FOR VOTE.

I vote "no" because Section 8 provides for a deputy fire marshal in every town or village, which would put about forty men on the payrolls of the towns and villages in Fannin county, and the further expense of \$25,000 on the taxpayers of Texas, while only about 15 per cent of the people of the State are interested in the law.
