

WIKIPEDIA ARTICLE WRITING EVALUATION FORM

Name of the Wikipedia users and collaborators:

Name of the Wikipedia article:

Genre: Biography Scientific article Social studies article

Purpose and organization

Yes

No

1. I made a clear summary of the theme in the introduction of the Wikipedia article.
2. I organized the ideas in sections, according to the topics.
3. My work has paragraphs and reliable sources (print or digital books, magazines, brochures, newspaper articles).
4. I have selected words that helped me develop the main ideas in each section of the article and keep a neutral point of view.

Language Use

5. I used new specific vocabulary related to the topic and I avoided using colloquial language, nouns with strong negative or positive connotations, superlatives and quantifiers.
6. I wrote complete sentences.
7. I checked the subject-verb agreement in each sentence.
8. I used the right verb tenses.

Writing mechanics and format

9. I typed words correctly, with no spelling mistakes.
10. I used capital letters at the beginning of the sentences and for proper nouns.
11. I used punctuation correctly.
12. I created sections and paragraphs to organize the information in the Wikipedia article.
13. I made internal links of the key words in the Wikipedia article.
14. I added the corresponding translation template at the beginning of the article in the Spanish Wikipedia.
15. I wrote the name of the article in **bold type** in the introduction of the Wikipedia article.

Edition

16. I read the Wikipedia article aloud to myself or to my classmates.
17. I asked my classmates to read the article I wrote in the Sandbox and asked them for feedback.
18. I edited the article in order to improve it.

Other strategies I used when writing the Wikipedia article:
