

# How gender-smart are you?

## Take the quiz!

Co-funded by the  
European Union

Inequality in climate innovation continues, with men dominating the sector, both in the number of climate start-ups founded by men and the amount of funding given to men-founded companies versus those founded by women.

This quiz is designed to test your knowledge and understanding of some of the key lessons from our *'Five actions to be gender smart in your organisation'* campaign.

Help us promote gender-smart practices in climate entrepreneurship. Take the quiz!

You'll find the correct answers at the end of the document.

1. **Of those displaced by climate change, what percentage are women?**

**A** 40%

**B** 55%
