

Multi-Factor Authentication (MFA) Training for HIOS Users

JUNE 2016

Beginning on 6/19/2016, all Health Insurance Oversight System (HIOS) users will be required to complete Multi-Factor Authentication (MFA) through the CMS Enterprise Portal.

This training session will cover the following topics:

- Upcoming Enterprise Portal Changes
- What is MFA?
- MFA Device Registration
- Logging into the CMS Enterprise Portal using MFA
- MFA Device Removal

Users will see the following changes when accessing the CMS Enterprise Portal:

- **5/8/2016:** All existing HIOS users have the option to register an MFA device in the CMS Enterprise Portal. Please note, users who choose to register an MFA device prior to 6/19 will be required to log in using an MFA device from that point forward.
- **6/19/2016:** All existing HIOS users will be required to register an MFA device in the CMS Enterprise Portal and will be required to use the registered MFA device to access the CMS Enterprise Portal.
- **6/19/2016:** All new HIOS users will be required to complete Remote Identity Proofing (RIDP) as well as register an MFA device.

What is MFA?

- Multi-Factor Authentication (MFA) is a security mechanism that is implemented to verify the legitimacy of a person or transaction.
- MFA requires you to provide more than one form of verification in order to prove your identity.
- MFA registration is required only once but an MFA device will be verified every time you log into the system.
- Users can register multiple MFA device types to obtain a security code.

MFA Device Registration

MFA Device Registration – Prior to June 19th

- Prior to 6/19/2016, HIOS users have the option to register an MFA device.
- To “preregister”, go to the CMS Portal > My Portal page and select ***My Profile*** from the username dropdown menu.
- From the CMS Portal > My Profile page, click the ***Register Your Phone, Computer, or E-mail*** link.

- Select the ***MFA Device Type*** and click the ***Next*** button to proceed with the device registration.

The screenshot shows the CMS Enterprise Portal interface. At the top, there is a navigation bar with links for "Portal Help & FAQs", "Print", "Log Out", and a "Welcome" message. Below this, the "CMS.gov Enterprise Portal" logo is displayed, along with "My Portal" and "HIOS" buttons. A breadcrumb trail indicates the user is in the "My Profile" section. On the left, a sidebar menu lists options: "Change My Profile", "View My Profile", "Change Password", "Register Your Phone, Computer, or E-mail", and "Remove Your Phone, Computer, or E-mail". The main content area is titled "Register Your Phone, Computer, or E-mail". It contains an introductory paragraph about MFA, a list of device types with expandable arrows, and a note about the two-attempt limit. At the bottom, there is a dropdown menu for "MFA Device Type" and "Cancel" and "Next" buttons.

Register Your Phone, Computer, or E-mail

Adding a Security Code to your login also known as Multi-Factor Authentication (MFA) can make your login more secure by providing an extra layer of protection to your user name and password.

You can associate the Security Code to your profile by registering your phone, computer or E-mail. Select the links below to find out more information about the options.

- Phone/Tablet/PC/Laptop
- Text Message Short Message Service (SMS)
- Interactive Voice Response (IVR)
- E-mail

Please note that you are only allowed two attempts to register your MFA device. If you are unable to register your device within two attempts please log out, then log back in to try again.

Select the MFA Device Type that you want to use to login to secure applications from the dropdown menu below.

* MFA Device Type: Select MFA Device Type

Cancel Next

- Beginning on 6/19/2016, users will be required to use an MFA device when accessing the system. This page will display after users enter their username when trying to access the system.
- If users have not “pre-registered” a device via the My Profile page, users will need to click the ‘Register MFA Device’ link to complete the registration process.
- If users have already registered an MFA device, users will need to select the appropriate device and input the security code to login.
- Please note, until users complete the MFA device registration, users will not be able proceed with logging into the CMS Enterprise Portal.

The screenshot shows the CMS Enterprise Portal login page. At the top, there is a navigation bar with links for Home, About CMS, Newsroom, Archive, Help & FAQs, Email, and Print. Below this is the CMS.gov logo and the text "Enterprise Portal" and "Centers for Medicare & Medicaid Services". There are two yellow buttons: "Health Care Quality Improvement System" and "Provider Resources". A blue banner reads "Welcome to CMS Enterprise Portal". The main content area is titled "Enter Security Code" and contains instructions for logging in with a Security Code. It includes links for "Unable to Access Security Code?" and "Need to Register an MFA Device?". Below the instructions are input fields for Password, MFA Device Type (a dropdown menu), and Security Code. There are "Log In" and "Cancel" buttons. At the bottom, there are links for "Forgot Password?", "Unable to Access Security Code?", and "Register MFA Device". A red arrow points to the "Register MFA Device" link.

Enter Security Code

A Security Code is required to complete your login.

To retrieve a Security Code, please select the Phone, Computer, or E-mail that you registered as your Multi-Factor Authentication(MFA) device when you originally requested access, from the MFA Device Type dropdown menu below.

Security Codes expire, be sure to enter your Security Code promptly.

Unable to Access Security Code?

If you are unable to access a Security Code, you may use the "Unable To Access Security Code?" link. To use this link you will be directed away from this page. For security purposes, you will be prompted to answer your challenge questions before the Security Code is generated. The Security Code will be sent to the email address in your profile. You will be required to login again with your User ID, Password and Security Code.

You may also call your Application Help Desk to obtain a Security Code.

After you receive the Security Code using this link or from your Help Desk, you must select the 'One-Time Security Code' option from the MFA Device Type dropdown menu.

Need to Register an MFA Device?

If you have not registered an MFA device and would like to do so now, you may use the "Register MFA Device" link. For security purposes you will be prompted to login again and answer your challenge questions before registering an MFA device.

Password:

Successful MFA Device Registration

- Users will see an on-screen message confirming successful registration of the device to the user profile and receive an e-mail notification for successfully registering the MFA Device Type.

The screenshot displays the CMS.gov Enterprise Portal interface. At the top, the CMS.gov logo is followed by "Enterprise Portal" and "Centers for Medicare & Medicaid Services". Navigation links include Home, About CMS, Newsroom, Archive, Help&FAQs, Email, and Print. Below these are two yellow buttons: "Health Care Quality Improvement System" and "Provider Resources". A link for "Screen reader mode Off | Accessibility Settings" is also present. The main content area features a heading "Register Your Phone, Computer, or E-mail" and a message: "You have successfully registered your Phone/Computer/E-mail to your user profile. Click 'OK' to close this window and login." A blue "OK" button is located at the bottom left of the message box. The footer contains a "Home" button, the CMS.gov logo, the text "Enterprise Portal", and a statement: "A federal government website managed by the Centers for Medicare & Medicaid Services 7500 Security Boulevard, Baltimore, MD 21244". A small CMS logo is also visible in the bottom right corner.

View Registered Devices

- To view the list of registered MFA devices, go to the CMS Portal > My Profile page and select the ***Remove Your Phone, Computer, or E-mail*** link.

The screenshot shows the CMS Enterprise Portal interface. At the top, there is a navigation bar with links for 'Portal Help & FAQs', 'Print', 'Log Out', and a 'Welcome' message. Below this, the 'CMS.gov Enterprise Portal' header is visible, along with 'My Portal' and 'HIOS' buttons. The breadcrumb trail indicates the user is in the 'My Profile' section. On the left, a sidebar menu lists options: 'Change My Profile', 'View My Profile', 'Change Password', 'Register Your Phone, Computer, or E-mail', and 'Remove Your Phone, Computer, or E-mail'. The main content area is titled 'Remove Your Phone, Computer or E-mail' and contains a table with the following data:

Credential ID/Phone Number/E-mail	MFA Device Type	MFA Device Description	Remove Selected
VSHM27792651	STANDARD_OTP	Laptop	☐

Below the table, a message states: 'As a user who is required to login using Multi-Factor Authentication(MFA), you will need at least one MFA device registered to your profile to continue to access to your application using MFA. To remove this device, please register a new device to your profile.'

Logging into the CMS Enterprise Portal using MFA

Steps to Log in using MFA

1. Go to <https://portal.cms.gov> and select **Login to CMS Secure Portal** on the CMS Enterprise Portal.
2. Read the Terms and Conditions and select **I Accept** to continue.
3. Enter your **User ID** and select **Next**.

The screenshot shows the CMS.gov Enterprise Portal. The header includes the CMS.gov logo, "Enterprise Portal", and navigation links: Home, About CMS, Newsroom, Help & FAQs, Email, and Print. Below the header is a search bar and a "Learn about your healthcare options" link. The main content area features a "Welcome to CMS Enterprise Portal" banner with a video player showing a doctor and a patient. To the right of the banner is a "CMS Secure Portal" section with a "Login to CMS Secure Portal" button and links for "Forgot User ID?", "Forgot Password?", and "New User Registration". Below the banner is a row of links: CMS Enterprise Portal, MACBIS, Medicare Shared Savings Program, Physician Value, ASP, Open Payments, QMAT, CPC, Innovation Center, MLMS, MCU, PECOS, Quality Reporting, and CBIC. At the bottom, there is a section titled "CMS Provides Health Coverage for 100 Million People..." with links to "Information for people with Medicare, Medicare open enrollment, and benefits" and "Information for children up to the age of 19 in need of health care coverage".

Steps to Log in using MFA

4. Enter your **Password**, select an MFA device from the **MFA Device Type** dropdown menu, enter a **Security Code**, and select **Log In**.

The screenshot shows the CMS.gov Enterprise Portal login page. At the top, there is a navigation bar with links: Home, About CMS, Newsroom, Archive, Help & FAQs, Email, and Print. Welcome to CMS Enterprise Portal

The Enterprise Portal combines and displays content and forms from multiple applications, supports users with navigation and cross-enterprise search tools, supports simplified sign-on, and uses role-based access and personalization to present each user with only relevant content and applications. The vision of the Enterprise Portal is to provide "one-stop shopping" capabilities to improve customer experience and satisfaction.

Application Access

There are several ways to manage access to applications in the CMS Enterprise Portal

1. To get access to applications supported by [EUA](#) go to the [Enterprise User Administration](#) site.
2. To get access to applications supported by EIDM and IACS, click the 'Request Access Now' link on the right.
3. To review application access you have already been granted, click the 'My Access' link on the Welcome menu in the top right corner of the page.

Request Access

Use the link below to request access to Systems/Applications

[Request Access Now](#)

Contact Help Desk

ACO Help Desk Contact the ACO Information Center at 1-888-734-6433 (select option 2) if you have any questions about using the ACO Portlet features. TTY users should call 1-888-734-6563.

Advanced Provider Screening (APS) Help Desk For issues with the APS application:
Contact the CITIC Help Desk at: (410) 786-2580
Send email to: CMS_IT_SERVICE_DESK@cms.hhs.gov

CMS Help Desk / EUA Please visit the [Enterprise User Administration \(EUA\) page](#).

Comprehensive Primary Care (CPC) Help Desk Information Contact the CPC Help Desk at CPCSupport@Tolligen.org.

If you are not able to access your Security Code, you can request a One-Time Security Code.

1. Select the ***'Unable to Access Security Code?'*** link. On selecting this link, the ***'Unable to Access Security Code'*** popup message will be displayed. Select ***OK*** to continue.

The screenshot displays the CMS.gov Enterprise Portal login interface. At the top, navigation links include Home, About CMS, Newsroom, Archive, Help & FAQs, Email, and Print. Below the header, there are tabs for 'Health Care Quality Improvement System' and 'Provider Resources'. The main content area is titled 'Welcome to CMS Enterprise Portal' and contains sections for 'Enter Security Code', 'Unable to Access Security Code?', and 'Need to Register an MFA Device?'. The 'Enter Security Code' section includes instructions on how to retrieve a Security Code and a note that Security Codes expire. The 'Unable to Access Security Code?' section provides instructions on how to request a new Security Code. The 'Need to Register an MFA Device?' section provides instructions on how to register a new MFA device. A red arrow points to the 'Unable to Access Security Code?' link in the bottom section. A red arrow also points to the 'OK' button in the 'Unable to Access Security Code?' popup message.

Enter Security Code
A Security Code is required to complete your login.
To retrieve a Security Code, please select the Phone, Computer, or E-mail that you registered as your Multi-Factor Authentication(MFA) device when you originally requested access, from the MFA Device Type dropdown menu below.
Security Codes expire, be sure to enter your Security Code promptly.

Unable to Access Security Code?
If you are unable to access a Security Code, you may use the "Unable To Access Security Code?" link. To use this link you will be directed away from this page. For security purposes, you will be prompted to answer your challenge questions before the Security Code is generated. The Security Code will be sent to the email address in your profile. You will be required to login again with your User ID, Password and Security Code.
You may also call your Application Help Desk to obtain a Security Code.
After you receive the Security Code using this link or from your Help Desk, you must select the 'One-Time Security Code' option from the MFA Device Type dropdown menu.

Need to Register an MFA Device?
If you have not registered an MFA device and would like to do so now, you may use the "Register MFA Device" link. For security purposes you will be prompted to login again and answer your challenge questions before registering an MFA device.

Password:

MFA Device Type: One-Time Security Code
The Security Code for the One-Time Security Code will expire in 30 minutes

Security Code:

Unable to Access Security Code
You are navigating away from the login page. Do you wish to continue?
[OK](#) [Cancel](#)

Use of One-Time Security Code

2. Enter your **User ID** and select **Next**.
3. Answer the challenge questions and select **Next**.
4. You'll see an on-screen message informing you that the Security Code has been sent to the E-mail address on your profile. Select **OK** to return to the login page.

Note: This security code will expire in 30 minutes or after it is used successfully for the first time.

The screenshot shows the CMS.gov Enterprise Portal login page. At the top, there's a navigation bar with links: Home, About CMS, Newsroom, Archive, Help&FAQs, Email, and Print. Below this, there are two yellow buttons: "Health Care Quality Improvement System" and "Provider Resources". A message indicates "Screen reader mode Off | Accessibility Settings". The main heading is "Please answer the following challenge questions". There are three text input fields with prompts: "Type a significant date in your life?", "What is your favorite cuisine?", and "What was your favorite toy when you were a child?". At the bottom, there are "Cancel" and "Next" buttons. A footer note states: "CMS Portal Login issues should be directed to XOSC Tier 1 support at 1-855-267-1515 or CMS_FEPS@cms.hhs.gov. For trouble with your EUA account, please visit the Enterprise User Administration (EUA) page."

The screenshot shows the CMS.gov Enterprise Portal with a message titled "Unable to Access Security Code". The message text reads: "A Security Code has been sent to the E-mail address on your profile. The Security Code will expire in 30 minutes or after its first time use. If you do not have access to your registered E-mail account, please contact your Application Help Desk. Click 'OK' to close this window and login." There is a single "OK" button at the bottom. The footer is identical to the previous screenshot, including the CMS.gov logo, navigation links, and contact information.

5. Read the Terms and Conditions and select ***I Accept*** to continue.
6. Enter your ***User ID*** and select ***Next***.
7. Enter your ***Password***, select ***One-Time Security Code*** as the ***MFA Device Type***, and enter the ***Security Code*** that was sent to the E-mail address on your profile. Then select ***Log In***.

The screenshot shows the CMS.gov Enterprise Portal login interface. At the top, there is a navigation bar with links: Home, About CMS, Newsroom, Archive, Help & FAQs, Email, and Print. Below this is the CMS.gov logo and the text "Enterprise Portal" and "Centers for Medicare & Medicaid Services". There are two yellow buttons: "Health Care Quality Improvement System" and "Provider Resources". The main heading is "Welcome to CMS Enterprise Portal". The section "Enter Security Code" explains that a Security Code is required for login and provides instructions on how to retrieve it from the MFA Device Type dropdown menu. It also mentions that Security Codes expire and should be entered promptly. Below this, the "Unable to Access Security Code?" section provides instructions for users who cannot access their Security Code, including a link to the "Unable To Access Security Code?" page and a note that they will be prompted to answer challenge questions before the Security Code is generated. The "Need to Register an MFA Device?" section provides instructions for users who have not registered an MFA device, including a link to the "Register MFA Device" page and a note that they will be prompted to login again and answer challenge questions before registering. The login form includes a Password field, an MFA Device Type dropdown menu (set to "One-Time Security Code"), and a Security Code field (containing "345678"). There are "Log In" and "Cancel" buttons. At the bottom, there are links for "Forgot Password?", "Unable to Access Security Code?", and "Register MFA Device".
