Portal User Manual Change History

December 2019 Revisions

- Updated screenshots and added text within the document to reflect the minor design updates made throughout the HIOS Portal application.

December 2020 Revisions

- Updated to reflect minor updates regarding Identity Management within the CMS Portal.

October 2021 Revisions

- Updated screenshots and added text within the document to reflect the minor design updates made throughout the HIOS Portal application.

March 2022 Revisions

- Updated the Request a Role section to include steps specific to requesting the 'Organization Role Approver' role.
- Updated the Manage Approvals section to reflect the Approval Management functionality.

July 2022 Revisions

- Updated the Request a Role section to include steps to identify as either a Primary ORA or Backup ORA when requesting the 'Organization Role Approver' role.

March 2024 Revisions

- Updated screenshots and added text within the document to reflect the minor design updates made throughout the HIOS Portal application.
- Updated instructions for inputting manager's name and email address under the Request a Role Section for requesting the 'Organization Role Approver' role.
- Updated with ORA enhancement to check their organization role request status by all modules.
- Updates to reflect denial email notifications for user role, and organization creation.
- Updates to reflect invalid character restrictions in Org. Legal Name field.
- Updates to HIOS Organization Type descriptions in the Create an Organization section.
- Updates to Other org type change to non-US registered entity and removed FEIN adding option for same.
- Added verbiage in document content and FAQ section for who needs the ORA role and context for single HIOS users.

1 Introduction

The Center for Consumer Information and Insurance Oversight (CCIIO), a division of the Department of Health and Human Services (HHS), is charged with helping implement many provisions of the Affordable Care Act. The Health Insurance Oversight System (HIOS) is a federal system of record and provides a centralized, multi-user interface (UI) for insurance issuers and state/territory regulators to submit, and CCIIO to store information on individual and small group major medical insurance. Information submitted to HIOS is transferred in accordance with CCIIO regulations to provide data updates to Healthcare.gov. The Healthcare.gov website displays this information to aid consumers in locating health insurance coverage available in the market.

1.1 Pre-Requisites and Information for HIOS System Access

These technical instructions explain how the HIOS application works within any compatible Internet browser application such as:

1. Google Chrome.
2. Mozilla Firefox.

Before accessing HIOS, users must obtain their Identity Management System (IDM) credentials. The credentials are obtained by completing registration through the IDM secure authentication process. Once registered, these credentials will be used to access the Centers for Medicare & Medicaid Services (CMS) Enterprise Portal.

CMS Enterprise Portal is used for accessing CMS systems. HIOS is a system accessible through the CMS Portal using IDM authentication and authorization. Only users authenticated with the IDM procedures can access the HIOS system.

IDM provides authentication and authorization capabilities and is tightly integrated with the CMS Enterprise Portal. Users register for an IDM account and obtain an IDM User ID and Password to access the CMS Enterprise Portal.

Pre-Requisites for HIOS Access:

- All users must complete the Enterprise Portal registration process, which includes Identity Verification (ID Proofing).
- ID Proofing verifies that the individual referenced in the account is the same person creating the account.
- Additional information collected includes the following Personally Identifiable Information (PII) for ID Proofing: Social Security Number (SSN), Date of Birth, Home Address, and Primary Phone Number.

2 HIOS System Access

All IDM authorized and authenticated users will be able to access the HIOS system by navigating to the CMS Enterprise Portal using the secure uniform resource locator (URL): <https://portal.cms.gov>. Users will be required to enter their credentials obtained by registering through the IDM system to access HIOS.

This manual provides steps and instructions on how new and existing users can get access to HIOS and use its different functionalities.

Figure 2-1 displays the CMS Enterprise Portal Home Page.

Figure 2-1: CMS Enterprise Portal Main Screen

2.1 New User Registration

New users complete the following steps to access HIOS.

1. Register for an IDM account.
2. Request access to HIOS through the CMS Enterprise Portal.

To register for an IDM account, new users will need to navigate to the CMS Enterprise Portal at <https://portal.cms.gov> to start the registration process. This registration process will require some PII such as (Date of Birth, Home Address, Full Name, Phone number, Credit Verification, etc.).

Select **New User Registration** at the bottom of the CMS Enterprise Portal Home Page, which will take you to Step #1: Choose Your Application page (Figure 2-2).

Figure 2-2: Choose Your Application Page

The screenshot shows the 'Step #1: Select Your Application' page. At the top, there's a navigation bar with 'CMS.gov | Enterprise Portal' and links for 'Applications', 'Help', 'About', and 'Email Alerts'. The main heading is 'Step #1: Select Your Application'. Below it, a sub-heading says 'Step 1 of 3 - Select your application from the dropdown. You will then need to agree to the terms & conditions.' A dropdown menu is shown with 'HIOS' selected. Below the dropdown is a 'Terms & Conditions' section. It includes the text 'OMB No.0938-1236 | Expiration Date: 03/31/2021 | Paperwork Reduction Act' and a 'Consent to Monitoring' checkbox. The checkbox is checked, and the text below it states: 'By logging onto this website, you consent to be monitored. Unauthorized attempts to upload information and/or change information on this web site are strictly prohibited and are subject to prosecution under the Computer Fraud and Abuse Act of 1986 and Title 18 U.S.C. Sec.1001 and 1030. We encourage you to read the [BHS Rules of Behavior](#).' At the bottom, there is a checkbox labeled 'I agree to the Terms and Conditions' which is checked, and a green 'Next' button. A 'Cancel' link is also present.

Select **HIOS** from the drop-down menu and agree to the terms and conditions by selecting the “**I agree to the Terms and Conditions**” checkbox. Once that checkbox is selected, the **Next** button will be available.

Step #2: Register Your Information page, provide your personal information and select **Next** to continue with the registration process.

Figure 2-3 displays the Step #2: Register Your Information page:

Figure 2-3: Register Your Information Page

The screenshot shows the 'Step #2: Register Your Information' page. The navigation bar is the same as in Figure 2-2. The main heading is 'Step #2: Register Your Information'. Below it, a sub-heading says 'Step 2 of 3 - Please enter your personal and contact information.' and a note states 'All fields are required unless marked 'Optional''. The form contains several input fields: 'Enter First Name', 'Enter Middle Name (optional)', 'Enter Last Name', 'Suffix (optional)' (dropdown), 'Enter Social Security Number (optional)', 'Birth Month' (dropdown), 'Birth Date' (dropdown), 'Birth Year' (dropdown), 'Is Your Address US Based?' with 'Yes' (selected) and 'No' radio buttons, 'Enter Home Address #1', 'Enter Home Address #2 (optional)', 'Enter City', 'State' (dropdown), 'Enter Zip Code', 'Enter Zip+4 (optional)', 'Enter E-mail Address', 'Confirm E-mail Address', and 'Enter Phone Number'. At the bottom, there are 'Back', 'Next' (green), and 'Cancel' buttons.

You will be navigated to Step #3: Create User ID, Password & Challenge Questions page, where you will enter a user ID, password, and challenge question and answer. Once that is completed, select **Next** to continue.

Figure 2-4 displays the Step #3: Create User ID, Password & Challenge Questions:

Figure 2-4: Create User ID, Password & Challenge Questions Page

Step #3: Create User ID, Password & Security Question/Answer

Step 3 of 3 - Please create User ID and Password. Select a Security Question and provide Answer.

Enter User ID

Enter Password  Confirm Password 

Security answer to be used in case you forget your password or you need to unlock your account.

Select Your Security Question 

Enter Security Answer

Back Next Cancel

Review the information provided on the Registration Summary page and make any changes if necessary. Once complete select **Submit User**.

Figure 2-5 displays the Registration Summary page.

Figure 2-5: Registration Summary Page

Registration Summary

Please review your information and make any necessary changes before submitting.

HIOS/FFE: Health Insurance Oversight System 

All fields are required unless marked 'Optional'.

First Name test Enter Middle Name (optional) Last Name test Suffix(optional) IV 

Enter Social Security Number (optional) Birth Month May  Birth Date 31  Birth Year 1990 

Home Address #1 test Enter Home Address #2 (optional)

After completing the registration process, you will receive an email acknowledging successful registration and the email will include the IDM User ID.

Once you receive the acknowledgement email that contains your User ID, you will need to request access to the HIOS System by signing into CMS Enterprise Portal.

Figure 2-6 displays the CMS Enterprise Portal login screen.

Figure 2-6: CMS Enterprise Portal – Login

First-time users will be prompted to register a multi-factor authentication (MFA) device.

On the Multi-Factor Authentication (MFA) page, select your preferred option and select **Send MFA Code**. (The preferred option would be text or email. You may revisit this step in the future to register multiple devices.)

The code should be sent to your device within a couple of minutes. Enter the security code and select **Login**. Verify that the HIOS Application is seen under My Portal homepage. When you register an MFA device you will be navigated to the MFA Information page (see Figure 2-7). Select the **Name** dropdown and select **My Profile**. On the My Profile webpage, select the **Manage MFA Device**.

Select an MFA device from the **MFA Device Type** drop-down (Figure 2-8). Follow the on-screen instructions for your selected device type to complete the registration.

Figure 2-7: MFA Information Page

Next you will see an on-screen message confirming successful registration of the device to your user profile. Select **OK**. This completes the MFA device registration process. Select **Log Out** to exit the CMS Portal.

You will next be prompted to associate a security code with your Phone, Computer, or E-mail. Select the device you wish to use to log in from the **MFA Device Type** drop-down menu, a Credential ID, and an MFA Device Description. Once that is complete, select **Next** to continue.

Figure 2-8 displays the Register Your Phone or Computer.

Figure 2-8: Register Your Phone, Computer, or E-mail Page

Register Multi-Factor Authentication (MFA) Device

Adding a MFA Code to your login, also known as Multi-Factor Authentication (MFA), can make your login more secure by providing an extra layer of protection to your User ID and Password.

Select the MFA device type that you want to use to login

Please note that you are only allowed two attempts to register your MFA device. If you are unable to register your MFA device within two attempts please log out, then log back in to try again.

Text Message (SMS) ▼

 **Text Message (SMS)**

The SMS option will send your MFA Code directly to your mobile device via a text message. This option requires you to provide a ten (10) digits U.S. phone number for a mobile device that is capable of receiving text messages. Carrier service charges may apply for this option.

Enter Phone Number

Send MFA Code [Cancel](#)

You will receive a message that your device has been successfully registered to their user profile. When you select **OK**, you will receive a message that your request was successfully completed (Figure 2-9). Select **OK** to continue.

Figure 2-9: Successful Completion Page

You will be able to see the HIOS application listed in the Manage Access tab of the My Access page (Figure 2-10).

Figure 2-10: My Access Page

After setting up your MFA device, return to <https://portal.cms.gov/>. Upon login, you will see your **My Portal** homepage, select the **Add Application** button in the upper right corner (Figure 2-11).

Figure 2-11: My Portal Page – Request/Add Apps

On the Request Application Access Page, select **HIOS** from the **Select an Application** drop-down menu and then select **Next**.

From the **Select a Role** section, select **HIOS User** and then select **Next** (Figure 2-12). This will open the **Complete Identity Verification** section.

Note: Do not select the HIOS Help Desk User.

Figure 2-12: Request Application Access

The screenshot shows the 'Request Application Access' page. The top navigation bar includes 'CMS.gov | My Enterprise Portal', 'My Apps', 'Help', and 'Log Out'. The main content area has a title 'Request Application Access' and a progress bar with five steps:

- 1 Select an Application** (Completed) - Includes a green checkmark and an 'Edit' link.
- 2 Select a Role** (Completed) - Includes a green checkmark and an 'Edit' link.
- 3 Complete Identity Verification** (Current step) - Includes a sub-section '1 Identity Verification' with a description: 'This role requires an additional level of verification. You will be asked to provide additional information to verify your identity. Please select "Launch" to begin the identity verification process. You will return to the next step below when identity verification is complete.' Below this is a blue 'Launch' button.
- 4 Enter Role Details**
- 5 Enter Reason for Request**

A 'Cancel' button is located at the bottom right of the page.

Select **Launch** and then **Next** on the Step #1 Identity Verification Overview page (Figure 2-13).

Figure 2-13: Identity Verification Overview Page

The screenshot shows the 'Step #1: Identity Verification Overview' page. It includes the following content:

- Title:** Step #1: Identity Verification Overview
- Privacy Notice:** 'To protect your privacy, you will need to complete Identity Verification successfully, before requesting access to the selected role. Below are a few items to keep in mind.'
- Instructions:**
 1. Ensure that you have entered your legal name, current home address, primary phone number, date of birth and email address correctly. We will only collect personal information to verify your identity with Experian, an external Identity Verification provider.
 2. Identity Verification involves Experian using information from your credit report to help confirm your identity. As a result, you may see an entry called a "soft inquiry" on your Experian credit report. Soft inquiries do not affect your credit score and you do not incur any charges related to them.
 3. You may need to have access to your personal and credit report information, as the Experian application will pose questions to you, based on data in their files. For additional information, please see the Experian Consumer Assistance website - <http://www.experian.com/help/>
- Disclaimer:** 'If you elect to proceed now, you will be prompted with a Terms and Conditions statement that explains how your Personal Identifiable Information (PII) is used to confirm your identity. To continue this process, select "Next".'
- Buttons:** A green 'Next' button and a grey 'Cancel' button.

On the Terms and Conditions page, select the checkbox **I agree to the Terms and Conditions** to accept the terms and conditions and select **Next** to continue (Figure 2-14).

Step #2: Accept Terms & Conditions

OMB No. 0938-1236 | Expiration Date: 04/30/2017 | (OMB Re-Certification Pending) | [Paperwork Reduction Act](#)

Protecting Your Privacy

Protecting your Privacy is a top priority at CMS. We are committed to ensuring the security and confidentiality of the user registering to EIDM. Please read the [CMS Privacy Act Statement](#), which describes how we use the information you provide.

Personal information is described as data that is unique to an individual, such as a name, address, telephone number, Social Security Number, and date of birth (DOB). CMS is very aware of the privacy concerns around PII data. In fact, we share your concerns. We will only collect personal information to verify your identity. Your information will be disclosed to Experian, an external authentication service provider, to help us verify your identity. If collected, we will validate your Social Security Number with Experian only for the purposes of verifying your identity. Experian verifies the information you give us against their records. We may also use your answers to the challenge questions and other PII to later identify you in case you forget or misplace your User ID /Password.

HHS Rules of Behavior

We encourage you to read the [HHS Rules of Behavior](#), which provides the appropriate use of all HHS information technology resources for Department users, including Federal employees, contractors, and other system users.

I have read the HHS Rule of Behavior for Downloaded User Accounts (addendum to the HHS Rule of Behavior (HHS DoB), document number HHS-OCIO-2013

☒ I agree to the Terms & Conditions

Back Next Cancel

You will need to complete the questions and answers on the **Verify Your Identity** screen. Once complete, select **Next** which prompts an on-screen message confirming successful identity proofing (Figure 2-15).

Figure 2-15: Verify Your Identity Confirmation Page

CMS.gov | My Enterprise Portal

My Apps Help Log Out

Step #4: Verify Your Identity

Confirmation

You have successfully completed the Remote Identity Proofing process.

Next

Select **Next** and you will be directed back to the Request Application Access page.

In the **Enter Role Details** section, **select Address location type** from the drop-down menu.
(Figure 2-16)

Figure 2-16: Select Address Location Type

The screenshot shows the 'Enter Role Details' section of the CMS.gov My Enterprise Portal. The 'Address location type' dropdown menu is open, showing the option 'Select Address type of US or Non-US based on your current address'. The 'Next' button is visible at the bottom right.

Complete the form and then select **Next** (Figure 2-17).

Figure 2-17: Role Request Detail Page

The screenshot shows the 'Role Request Detail Page' of the CMS.gov My Enterprise Portal. The form includes fields for Email Address, Address 1, Address 2 (optional), City, State/Territory, Zip Code, Zip Code Extension (optional), Title (optional), Suffix (optional), Phone Number, and Phone Ext (optional). The 'Next' button is visible at the bottom right.

You will then be directed to the **Enter Reason for Request** section. (Figure 2-18.) You will be asked to provide a reason for needing a HIOS Account.

Figure 2-18: Enter Reason for RequestThe screenshot shows a web form titled "5 Enter Reason for Request". It features a large, empty text area with a light blue background and a red border. Below the text area, the text "Required field." is displayed in red. To the right of the text area, there are three buttons: a green "Submit" button, a dark grey "Top" button with an upward arrow, and a small "Cancel" link.

Once you are finished, select **Submit**. When the confirmation message pop-up appears, click **OK**. A Request New Application Access Acknowledgement will appear; select **OK**.

It is necessary at this point to first log out of HIOS and then sign back in. You will need to sign back in by entering your User ID, password, and selecting the “agree to terms and conditions.” Select **Login**.

2.2 Existing HIOS Users

Existing HIOS users will follow the steps below to access HIOS once they have completed the IDM registration process. You will first log out of the system for your profile updates to take effect which then will prompt you to log back into the Enterprise Portal with your IDM user ID and password.

Figure 2-19 displays the CMS Enterprise Portal Page.

Figure 2-19: CMS Enterprise Portal Page – Login with IDM CredentialsThe screenshot shows the CMS.gov Enterprise Portal login page. The page has a dark blue header with the CMS.gov logo and links for "Find Your Application", "Help", "About", and "E-Mail Alerts". The main content area is a dark blue box with a light blue background. It contains a "UserID" field, a "Password" field, a checkbox for "Agree to our Terms & Conditions", a green "Login" button, and a link for "Forgot your User ID or your Password?". At the bottom, there is a blue "New User Registration" button.

After you have logged back into the CMS Enterprise Portal, select **HIOS** from the My Portal page and then the **Overview** link. Figure 2-20 displays the My Portal page.

Figure 2-20: My Portal Page

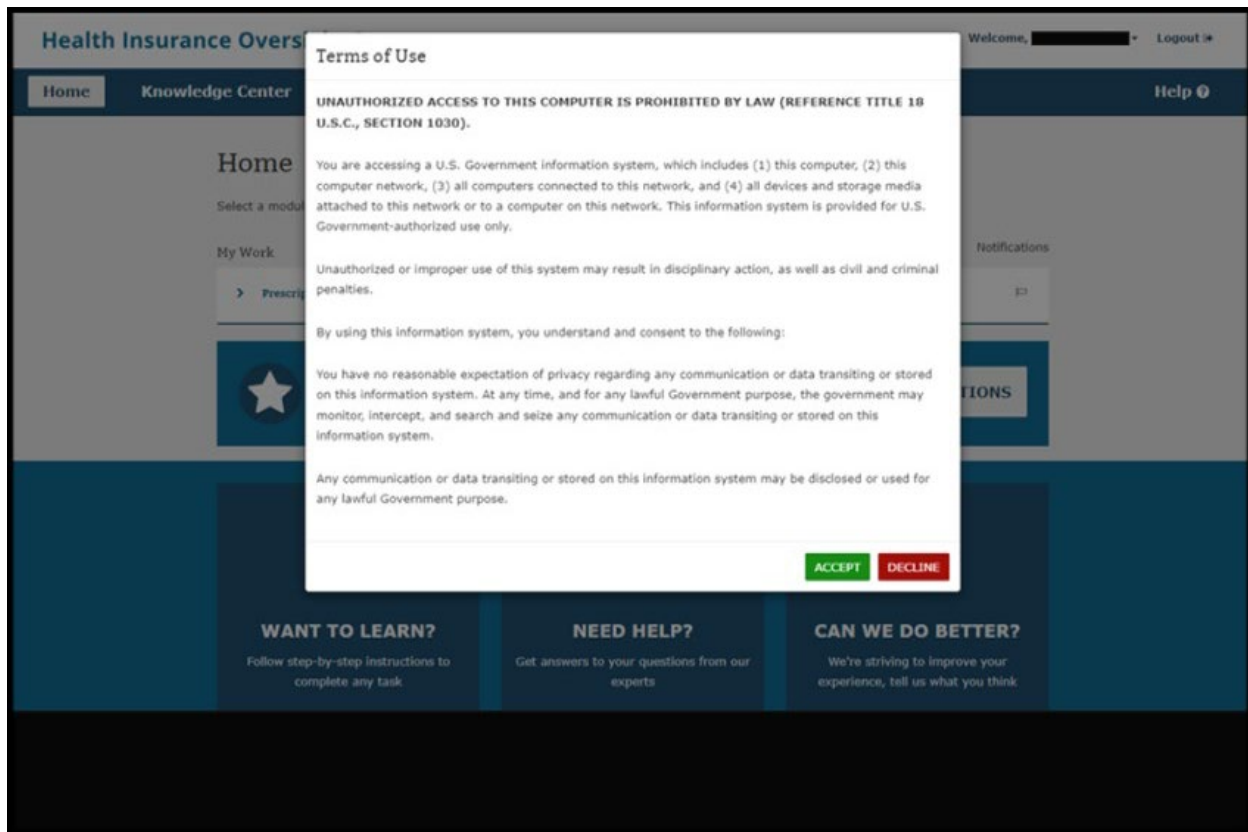

On the landing page, select the **Access HIOS** or the **Access Plan Management & Market Wide Functions** link to access the HIOS functionality.

Figure 2-21 displays the page that will allow access to the HIOS Home Page. Select the **Access HIOS** link to navigate to the HIOS Home Page.

Figure 2-21: Access HIOS Plan Management Landing Page

Read the Terms of Use and Select **Accept** (Figure 2-22).

3.2 Manage Organizations

You can access and view the Manage Organizations landing page from the HIOS **Welcome** drop-down menu (Figure 3-4).

Figure 3-4: HIOS Portal Home Page – Manage Organizations

On the Manage Organizations landing page, you can view descriptions for and navigate to the following pages: **My Organizations**, **Create an Organization**, **Add an Issuer**, **Data Change Request**, **Add a Relationship**, and **Organization Search**. You will also be able to see descriptions for the various types of **Administrator Roles** on the right side of the landing page (Figure 3-5).

Figure 3-5: Manage Organizations Landing Page

Manage Organizations

What would you like to work on today?

My Organizations

My Organizations is where users with an administrative role can view or edit an organization's information.

Create an Organization

Users can register their organizations within HIOS. Organizations must exist in HIOS before users can request a user role for the organization.

Add an Issuer

Users can add an issuer for an insurance company within HIOS. Organizations must have been registered as a Company in order to add issuers.

Data Change Request

Users can submit a data change request for organization information that cannot be edited through the My Organizations functionality. Data change requests will be submitted for approval, and users can review the status of their data change request.

Add a Relationship

Users can submit a request to establish a relationship between an organization and an issuer within HIOS.

Organization Search

Users can search and view details for organizations registered in HIOS.

Administrator Roles

Certain functionality such as My Organizations or Data Change Requests require users to have at least one of the following administrator roles:

Company Administrator
Representative who is solely responsible for editing Company and associated issuer level data, including relationship information.

Issuer Administrator
Representative who can edit Issuer level data only, including relationship information.

Organization Administrator
Representative of a Non-Federal Governmental Plan or Other Organization who is responsible for editing their organization data.

3.2.1 My Organizations

The **My Organizations** page (Figure 3-6) allows Company, Issuer, and Organization administrator users to view information for the organizations for which they have an administrative role. Each organization that a user has an administrator role for will appear as its own card with specific links on the My Organizations page. There is also a left-hand navigation menu that can take you back to the Manage Organizations landing page, Create an Organization page, Add an Issuer page, and Data Change Request page.

If an organization is a legal entity licensed to sell health insurance products and plans, company administrator users will have access to the Organization Details, Issuer Information, Organization Users, and Manage Relationships pages from the organization card. If you are only an issuer administrator, you will not see the Organization Users page.

If an organization is an entity whose primary business is not selling health insurance products and plans, company administrator users will have access to the Organization Details, Organization Users, and Manage Relationships pages from the organization card.

If an organization is an employer-sponsored group health plan offered by a state or local government or a non-US registered entity, organization administrator users will have access to the Organization Details and Organization Users pages from the organization card.

Figure 3-6: My Organizations Page for User with Administrator Role

Organization Details allows you to view and edit some of the organization's information. If you are only an issuer administrator user, you will not be able to edit the organization information and will only see the information in a read-only format. Issuer Information allows you to view all the issuers associated with the legal entity licensed to sell insurance products/plans. Organization Users allows you to view a list of users who have a role associated with that organization. Manage Relationships allows you to view a list of relationships for the organization(s).

If you do not have any administrator roles, the My Organizations page will appear with no organization cards (Figure 3-7). You can navigate to the Request a Role page to request an administrator role.

Figure 3-7: My Organizations Page for User without Administrator Role

3.2.1.1 Organization Details

After selecting **Organization Details** (Figure 3-8), under any of your organizations, you can view organization information and make edits. To make other changes related to existing organizational data, select **Data Change Request**. This functionality is described in detail in Section 3.5: Data Change Request.

You will be able to view your organization's Federal Employee Identification Number (FEIN) validation status, when applicable. The status is high-level and will only indicate whether the FEIN was successfully validated, failed validation, or is pending validation. As indicated in the failure notifications, the Company Administrator may need to contact the help desk to receive further information on their failure scenario.

Note: The FEIN and Company Legal Name fields will be locked down and disabled for editing when the FEIN Validation Status is Validated.

3.2.1.3.1 Organization Users – User Role Removal

Users with the Company and Organization Administrator can remove user access from HIOS for a specific module and a specific role at the organization level. Please note, for roles not available for deletion on the Organization Users page, users may contact the Help Desk for assistance.

The Company and Organization Administrator can remove the user access for a specific role from the Organization Users page by selecting the View Details button and selecting the **Remove Role** button. The user will receive a confirmation message that the role has been deleted and is directed back to the Organization Users page. Once the role is removed, an email is sent out to the user whose role has been removed alerting them of the change. Additionally, once removed, the role will no longer appear on the Organization Users table. Please see Figure 3-16 through Figure 3-19.

3.3 Creating an Organization

You can access the **Create an Organization** functionality from the **Manage Organizations** landing page. Through the Create an Organization functionality, you can register an organization in HIOS by completing four steps. In Step 1, select the organization's primary function from the options listed and described. (Figure 3-24).

Figure 3-24: Create an Organization – Step 1

< Manage Organizations

- My Organizations
- Create an Organization
- Add an Issuer
- Data Change Request
- Add a Relationship
- Organization Search

Create an Organization

Please note, a field with an asterisk (*) before it is a required field.

1

Select the Organization's Primary Function

* What is the organization's primary business?

☐ **A legal entity licensed to sell health insurance products and plans.**

This is also the required selection if you are the submitter from the parent corporation of licensed health insurance entities, or you are submitting data for Plan Finder (PF), Rates & Benefits Information System (RBIS) or Marketplace Plan Management System (MPMS).

☐ **An entity whose primary business is not selling health insurance products and plans.**

Examples include agents and brokers, pharmacy benefit managers, third-party administrators, consultants, employer-sponsored group health plans that are not non-federal governmental plans, self-insured employers, sole proprietors, etc.

☐ **An employer-sponsored group health plan offered by a state or local government.**

Examples include plans that are sponsored by school districts, fire departments, state governments or local governments, etc.

☐ **A non-US registered entity whose health insurance is regulated by a foreign government.**

This is the required selection if you are a non-US registered entity that is submitting data for Minimum Essential Coverage (MEC).

3.3.1 Company

This section will cover the process of creating a new Insurance Company in HIOS. This refers to a legal entity licensed to sell health insurance and plans.

In Step 1, select **A legal entity licensed to sell health insurance products and plans**. Step 2 will require users to enter the FEIN/TIN (Figure 3-25).

Figure 3-25: Create an Organization – Company – Step 2

The screenshot shows the 'Create an Organization' interface. On the left is a sidebar with a 'Manage Organizations' header and a list of options: 'My Organizations', 'Create an Organization' (highlighted), 'Add an Issuer', 'Data Change Request', 'Add a Relationship', and 'Organization Search'. The main content area is titled 'Create an Organization' and includes a note: 'Please note, a field with an asterisk (*) before it is a required field.' Below this is a progress indicator with four steps: 1. Select the Organization's Primary Function, 2. Enter Federal EIN/TIN (current step), 3. Organization Details, and 4. Confirm Your Request. Step 1 has a 'Revisit this step' button. Step 2 contains a text input field for the FEIN/TIN with the value '444666444' and a 'SEARCH' button. Above the input field is a message: '* Enter the organization's FEIN and select "Search"'. Below the input field is a confirmation message: 'Confirmation: The FEIN/TIN you entered does not already exist in the system. Please select next below to enter your organization's details.' and a green 'NEXT' button.

In Step 3, Enter the organization details (Figure 3-26). For this organization type, the following fields are required: Organization Legal Name, Incorporated State.

Enter details for the following fields: National Association of Insurance Commissioners (NAIC) Company Code, NAIC Group Code, Group Name, AM Best Number, Not for Profit, Co-op, and TPA information.

You must enter the following fields for the Domiciliary Address: Address Line 1, City, State, and ZIP.

Please note that when entering Organization Name in HIOS, these special characters are not allowed: < > ; " = \ [] ` ~ ! @ # \$ % ^ * () _ + { } : " ? / , . ' |

3.4 Add an Issuer

Access the **Add an Issuer** functionality from the Manage Organizations landing page. Through the Add an Issuer functionality, you can register an issuer under an existing insurance company in HIOS by completing four steps. In Step 1, identify the insurance company by searching by the FEIN/TIN (Figure 3-40).

Figure 3-40: Add an Issuer – Step 1

The screenshot displays the 'Add an Issuer' process in Step 1. On the left, a sidebar titled '< Manage Organizations' contains links: 'My Organizations', 'Create an Organization', 'Add an Issuer' (highlighted), 'Data Change Request', and 'Add a Relationship'. The main content area is titled 'Add an Issuer' and includes a note: 'Please note, a field with an asterisk (*) before it is a required field.' Below this is a progress indicator with four steps: 1. Search for an Organization (active), 2. Issuer Registered State, 3. Issuer Details, and 4. Confirm Your Request. Step 1 details include the instruction: '* Enter the organization's FEIN and select "Search"', followed by a sub-instruction: 'Please enter the Organization Federal EIN/TIN below. The Federal EIN/TIN must be a 9 digit, numeric value.' A text input field contains '000000010' and a 'SEARCH' button is to its right. A green 'NEXT' button is positioned below the input field.

You must identify the issuers registered state as part of Step 2 of the Add an Issuer process as shown in Figure 3-41.

Figure 3-41: Add an Issuer – Step 2

3 Issuer Details

4 Confirm Your Request

In Step 3, you will need to enter the **Issuer Details** (Figure 3-42). You have the option to enter the Issuer Marketing Name. You are required to enter information on if they offer coverage in the Individual Market, Small Group Market, and/or the Large Group Market by selecting Yes or No.

If you select **Yes** to any of the market type coverages, additional fields will be displayed for the lines of business. You are also required to enter the **Domiciliary Address**. Once all the required fields are provided, proceed to step 4.

Figure 3-42: Add an Issuer – Step 3

Please note, users must select "Yes" for at least one of the following market type coverages and at least one associated line of business:

*** Does this issuer offer coverage in the Individual Market?**

☒ **Yes**
☐ **No**

*** Select all lines of business that apply for the Individual Market:**

☐ **HIC**
☐ **Mini-Med**
☐ **Student Health Plans**
☐ **Rx-only**

*** Does this issuer offer coverage in the Small Group Market?**

☒ **Yes**
☐ **No**

*** Select all lines of business that apply for the Small Group Market:**

☐ **HIC**
☐ **Mini-Med**
☐ **Expat**
☐ **Rx-only**

*** Does this issuer offer coverage in the Large Group Market?**

☒ **Yes**
☐ **No**

*** Select all lines of business that apply for the Large Group Market:**

☐ **HIC**
☐ **Mini-Med**
☐ **Expat**
☐ **Rx-only**

You will view a summary of information provided as part of the Add an Issuer process including the organization FEIN, organization name, and registered state displayed in Step 4 (Figure 3-43). If you have selected a non-compliant state or territory (AL, AK, FL, GA, PA, WI, AS, GU, MP, VI), an additional text will appear informing you that you will need to access the External Review Election (ERE) module.

If you have deemed that the information is correct, select **Submit** for the request to be approved. The requesting users will receive an email once the new organization has been approved. If the request was denied, users will also receive a denial notification email with some pointers on the next steps.

3.5 Data Change Request

Access the **Data Change Request** functionality from the **Manage Organizations** landing page. Users who do not have a Company, Issuer, or Organization Administrator role will not have access to submit a data change request (Figure 3-44). Instead, they can navigate to the **Request a Role** page on a separate Data Change Request page.

Figure 3-44: Data Change Request – No Administrator Roles

If you have a Company, Issuer, or Organization Administrator role, you will be navigated to the **Manage Data Changes** Tab. Administrator roles may create change requests for editing certain data elements related to Organization, Issuers, Products, etc. along with a reason for the change.

In addition to submitting data change requests, Company, Issuer, or Organization Administrators can view the latest status of their data change requests and view previous requests and request statuses.

3.5.1 Company Administrator – Data Changes

Company Administrators can create, review, and submit data change requests through the **Manage Data Changes** tab. Company Administrators can also create new data change requests through the **Data Change Request** link available on the Organization Details page.

3.5.1.1 Create Data Change Requests

Once the Company Administrator is on the Manage Data Changes page, you will be able to Create Request for Data Change by selecting on the button at the top of the Manage Data Changes page. The “What values would you like to change?” drop-down menu displays the data values that can be changed for Company, Issuer, and Product as illustrated in Figure 3-48.

Figure 3-48: Create Data Updates

Once the value for the data change is selected, Company Administrators of multiple organizations will see a list of companies displayed in the drop-down menu. Company Administrators will then select the Company for which they are making the data change (FEIN/TIN, Organization Legal Name, Organization Type) in the drop-down menu, and then select the Enter button (Figure 3-49).

Please note that when entering Organization Name in HIOS, these special characters are not allowed: < > ; " = \ [] ` ~ ! @ # \$ % ^ * () _ + { } : " ? / , . ' |

Figure 3-49: Company Data Changes – Select the Company

The screenshot shows the 'Create Data Change Request' form. At the top, it says 'Please note, a field with an asterisk (*) before it is a required field.' Below this, there's a section 'What values would you like to change?' with a dropdown for 'Organization Type' and an 'Enter' button. Underneath, there's a section 'Choose the Organization' with a dropdown menu that is open, showing a list of organizations: '-Please select the organization you are making the change for-', 'Mel Test - Company - FEIN -321456987 - Company', 'MelTest IMPL 030719 - FEIN -753698412 - Company', 'Test 112233445 - FEIN -112233445 - Company', and 'Mel Test - OtherOrg - Alexandria,'. There is an 'Enter' button next to the dropdown and a 'Back' button at the bottom right of the dropdown menu.

The current value will be displayed, and the Company Administrator will need to enter the New Value or select from a predefined list of values and enter a Reason for change (250 characters max) before selecting the Submit button (Figure 3-50).

Figure 3-50: Company Data Changes – Select the Field to Change

The screenshot shows the 'Create Data Change Request' form. It has the same header and instructions as Figure 3-49. Below the 'Choose the Organization' section, there's a table with three columns: 'Current Value', '*New Value', and '*Reason for change'. The 'Current Value' column contains 'Company'. The '*New Value' column has a dropdown menu with '-Select new value-' and an 'Enter' button. The '*Reason for change' column has a text input field. At the bottom of the form, there are 'Back' and 'Submit' buttons.

Current Value	*New Value	*Reason for change
Company	-Select new value- [Enter]	[Text Input Field]

If a change to the Organization Type from Company or Non Insurance to Non-Federal Governmental Plans is needed, then the Company Administrator will need to select the Self-Funded or Fully Insured radio button before selecting the Submit button as illustrated in Figure 3-51.

3.5.3 Organization Administrator – Data Changes

Organization Administrator can create, review, and submit data change requests through the **Manage Data Changes** Tab. Organization Administrator can also create new change requests through the **Create Request for Data Change** link available on the Edit page for Organization Administrator.

3.5.3.1 Create Data Change Requests

Once the Organization Administrator is on the **Manage Data Changes** page, they will be able to **Create Request for Data Change** through the button at the bottom of the Manage Data Changes page.

The What values would you like to change drop-down menu displays the values for that Organization. Once the value for the data change is selected, the current value of the field to be changed will be displayed and the Organization admin will need to enter the New Value, or select from a predefined list of values, and enter a Reason for change (250 characters max) before selecting the Submit button.

Organization Administrator will have to select the incorporated state, if changing the Organization Type from Non-Fed to either Company or Non-Insurance Company as illustrated in Figure 3-60.

Figure 3-60: Non-Federal Government Plans to Company

The screenshot shows a web form titled "Create Data Change Request". At the top, a note states: "Note: (*) Indicates a required field".

The first section, "What values would you like to change?", contains a dropdown menu labeled "Organization Type" with the current selection "Non-Federal Governmental Plans". To the right of the dropdown is a green "Enter" button.

The second section, "Choose the Organization", contains a dropdown menu with the selection "Testing Non Fed Organization - TT 2.12.18 - FEIN -321321321 - Non-Federal Governmental Plans". To the right is another green "Enter" button.

Below these sections is a table with three columns: "Current Value", "*New Value", and "*Reason for change".

Current Value	*New Value	*Reason for change
Non-Federal Governmental Plans	Company	

Each row in the table has a green "Enter" button to the right of the "New Value" column.

At the bottom of the form, there is a required field: "Please select an incorporated state: *". The dropdown menu next to it shows "-Please select a state-".

At the very bottom are two buttons: a blue "Back" button and a green "Submit" button.

Organization Administrator of a non-US registered entity selects the fields displayed for that organization. For multiple organizations, the Organization Administrator will see a list of organizations displayed in the drop-down menu and will need to select the organization for making the data change. (Figure 3-61) The current value will be displayed, and the user will

need to enter the New Value, or select from a predefined list of values, and enter a Reason for change (250 characters max) before selecting the Submit button.

Please note that when entering Organization Name in HIOS, these special characters are not allowed: < > ; " = \ [] ` ~ ! @ # \$ % ^ * () _ + { } : " ? / , . ' |

Figure 3-61: Multiple Organizations

The screenshot shows the 'Create Data Change Request' form. At the top, it says 'Note: (*) Indicates a required field'. Below this, there's a section 'What values would you like to change?' with a dropdown for 'Organization Type' and an 'Enter' button. Underneath is the 'Choose the Organization' section, which has a dropdown menu. The dropdown is open, showing a list of organizations: '-Please select the organization you are making the change for-', 'Insurance Please - FEIN -963852741 - Company', 'JN Test Company 11-13-17 Edit on 3-5 - FEIN -192391823 - Company', 'JN Test Company Edit 3 on 3-6-18 - FEIN -817263871 - Company', 'JN Test Non Insurance 2-16-18 - FEIN -928379182 - Non Insurance Company', 'test001 Email Test Update - FEIN -111111111 - Company', and 'Testing Non Fed Organization - TT 2.12.18 - FEIN -321321321 - Non-Federal Governmental Plans'. There is an 'Enter' button next to the dropdown.

If the Organization Administrator changes the Organization Type from a non-US registered entity to either Company or Non-Insurance Company, then a FEIN is required, and the user needs to select an incorporated state drop-down menu. (Figure 3-62)

Figure 3-62: Non-US Registered Entity to a Company

The screenshot shows the 'Create Data Change Request' form. At the top, it says 'Please note, a field with an asterisk (*) before it is a required field.' Below this, there's a section 'What values would you like to change?' with a dropdown for 'Organization Type' and an 'Enter' button. Underneath is the 'Choose the Organization' section, which has a dropdown menu. The dropdown is open, showing a list of organizations: '-Please select the organization you are making the change for-', 'Insurance Please - FEIN -963852741 - Company', 'JN Test Company 11-13-17 Edit on 3-5 - FEIN -192391823 - Company', 'JN Test Company Edit 3 on 3-6-18 - FEIN -817263871 - Company', 'JN Test Non Insurance 2-16-18 - FEIN -928379182 - Non Insurance Company', 'test001 Email Test Update - FEIN -111111111 - Company', and 'Testing Non Fed Organization - TT 2.12.18 - FEIN -321321321 - Non-Federal Governmental Plans'. There is an 'Enter' button next to the dropdown. Below this, there's a table with three columns: 'Current Value', '*New Value', and '*Reason for change'. The 'Current Value' column has the text 'Other Organization Type'. The '*New Value' column has a dropdown menu with the text '-Select new value-' and an 'Enter' button. The '*Reason for change' column has a text input field. At the bottom of the form, there are 'Back' and 'Submit' buttons.

Once the Organization Administrator selects the Submit button on the Manage Change Request page, a Request ID will be assigned, along with a Pending Approval status. An on-screen Confirmation message will display as illustrated in Figure 3-63.

Figure 3-63: Confirmation Page for Change Request

3.5.3.2 View Data Change Requests

Organization Administrators can view data change requests on the Manage Data Changes page. When the users select the status of the change request from the **Request Status** drop-down menu or enter a valid request ID in the **Search by Request ID field** and select the **Enter** button, a summary of the change requests and its statuses will be displayed in search results as illustrated in Figure 3-64. The following statuses can be filtered on the Manage Data Changes page.

- Pending Approval
- Approved
- Denied
- Unable to Process
- Completed

3.6 Add a Relationship

You can access the **Add a Relationship** functionality from the **Manage Organizations** landing page. Through the **Add a Relationship** functionality, add a relationship between a third-party administrator (TPA) organization and issuers in HIOS by completing four steps. The relationship can be initiated by either the TPA or the issuer(s). In Step 1, identify the relationship type and answer if you are providing or receiving TPA services (Figure 3-66).

Figure 3-66: Add a Relationship – Step 1

< Manage Organizations

3.8 Role Management

All module access and role requests are to be completed in the **Role Management** section. You will be able to view your existing roles and access status and submit module access permission requests and cross-reference requests to registered companies, issuers, and states (for state users only) under Role Management.

The HIOS Home Page will display a **Manage Roles** link from the drop-down as illustrated in Figure 3-76.

Figure 3-76: HIOS Portal Home Page – Manage Roles

3.8.1 Manage Roles Page

You can view your existing roles and pending role requests on the Manage Roles page as displayed in Figure 3-77.

The table will display the pending role requests first and then the approved requests after.

Figure 3-77: Manage Roles

MI 55158 x

IL 67116 x

VA 69834 x

[NEXT](#)
- 4 Confirm your request**

Users who seek to request the Ratings/Reports Viewer role can associate themselves with multiple Issuers per request. Search for a valid Issuer and then select **Add**.

The system validates if there is an existing role request (for same role and association) in the Pending Requests. An error message will appear if the user already has a duplicate pending or approved role request.

The system will check that the Issuer IDs entered exist within HIOS and that you do not already have an existing association with the selected Organization. If an organization does not exist in the system, a pop-up message will display that allows you to first create the organization as displayed by Figure 3-85.

To create an organization, follow the instructions according to your organization function as instructed in Section 3.3 Creating an Organization.

Figure 3-85: Organization Not Found – Navigate to Create an Organization

A dialog box titled "Create Organization Confirmation" with a close button (X) in the top right corner. The message inside reads: "The organization does not exist in the system. Please select the 'Create an Organization' button to first create the organization or select 'Cancel' to use another organization for your search." At the bottom right, there are two buttons: "CREATE AN ORGANIZATION" (green) and "CANCEL" (light blue).

After creating your organization, return to Section 3.8.2 – Requesting A Role, and follow the role request process.

On step 3 of the role request process, if you already have a role associated with the Issuer ID or FEIN you entered, the system will display the error message as in Figure 3-86.

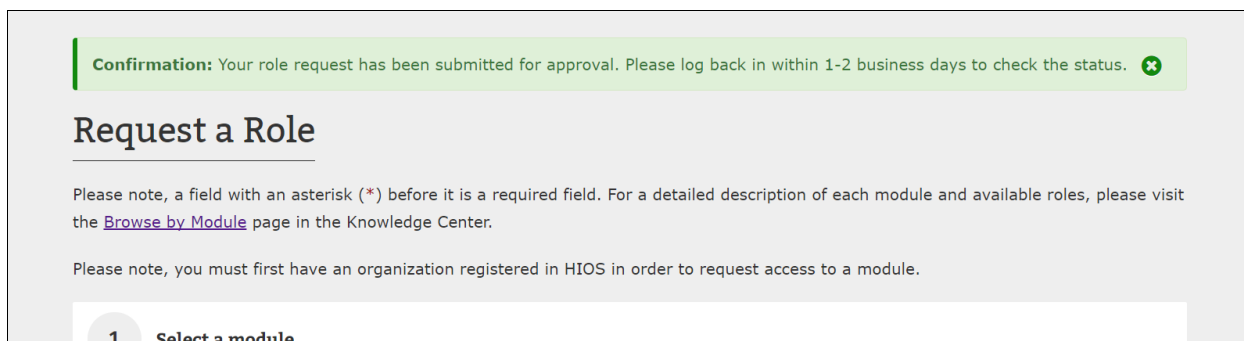

Figure 3-86: Existing Association Error Message

A screenshot of the "Add association" step in a role request process. The interface shows three steps: 1. Select a module (External Review Election), 2. Select a role (ERE Submitter, Submitter, Primary Contact), and 3. Add association. Step 3 is active. Below the step number, it says: "To add an Association to this role request, you must search for it in the system." Under "* Association Type", there are two radio buttons: "HIOS Issuer ID" (unselected) and "Organization with FEIN" (selected). Below this, a red error message box states: "Error: The account already has the requested association." Under "* Search for association", it says: "Please enter the Organization Federal EIN/TIN below. The Federal EIN/TIN must be a 9 digit, numeric value." There is a text input field containing "000000011" and a "SEARCH" button.

Once you have been able to submit the desired role request, the system will display a Confirmation screen, as seen in Figure 3-87, to notify you of a successful submission.

Figure 3-87: Role Request Confirmation Page

3.8.3 The Organization Role Approver (ORA) Role

The Organization Role Approver (ORA) is responsible for approving and denying pending role requests for their assigned organizations and/or issuers.

Every organization within HIOS (that has a FEIN and/or Issuer ID) is required to identify ORA users who would vet all access requests for the associated Organization across all HIOS modules. The organization is required to assign both a Primary and Backup ORA user.

However, If you work for an organization, such as a group health plan, that only needs ONE person to access a module in HIOS (e.g., RxDC), and DOES NOT need access to any other module, you do not need to request the 'Organization Role Approver (ORA)' role. Also, organizations with only one registered user in HIOS or sole proprietors do not need ORAs. If your organization fits the descriptions above and does not have any ORAs, CMS will approve your role requests.

To request the Organization Role Approver role, complete the following steps:

1. From the HIOS Portal Home Page, select the **Request a Role** link.

Figure 3-88: Request A Role - Welcome Dropdown

2. Select the HIOS Portal Module and then select **Next**.

Figure 3-89: Select Module

Request a Role

Please note, a field with an asterisk (*) before it is a required field. For a detailed description of each module and available roles, please visit the [Browse by Module](#) page in the Knowledge Center.

Please note, you must first have an organization registered in HIOS in order to request access to a module.

ROLE
Organization Role Approver, Organization Role Approver (ORA),
Primary ORA

ASSOCIATIONS
NonIns Co 000000009 11/8

☒ I certify that my organization is responsible for informing HIOS if I leave the organization or no longer require the ORA role. If this occurs, my organization will submit a service ticket to MSD requesting the ORA role to be removed from my account.

SUBMIT **RESET**

After selecting **Submit**, a confirmation message will appear at the top of the page.

✔ **Confirmation:** Your role request has been submitted for approval. Please log back in within 1-2 business days to check the status.

Request a Role

The requesting user will receive an email once the role request has been approved. If the request was denied, users will also receive a denial notification email with some pointers on the next steps.

3.9 Approvals

Users, with the appropriate role for their module, can Approve or Deny user role requests at both the module and organizational level.

Note that as an Organization Role approver (ORA), you will not be able to approve your own user role request(s). User role requests submitted by an ORA can only be viewed and approved by another ORA within the organization.

Users with approval roles will have the **Role Approval Management** link displayed in the drop-down on the HIOS Portal Home Page as displayed in Figure 3-94 and Figure 3-95.

This role allows users to approve or deny requested associations between a user and a module for a particular Organization.

Organization Role Approvers have the option to select to view requests status either by an individual module for their organization, or all HIOS modules.

To view requests for all HIOS modules, select **All Modules** from the **Module** dropdown menu (See Figure 3-97).

Figure 3-97: All Modules Selection Option

Selecting **Get Requests** after this will display all requests in the selected request status (Pending Approval, Approved, Denied or Revoked) across all HIOS modules for the organization. (See Figure 3-98 for illustration)

APPROVE

DENY

Once the users have selected the record's checkbox and selected the **Approve** or **Deny** button, they will be redirected to a Confirmation page (Figure 3-100) where they will be notified of a successful request, and/or if the system encountered any errors in processing the request.

Requesting users will receive an email once the request has been approved. If the request was denied, users will also receive a denial notification email with some pointers on the next steps.

Figure 3-100: Organization Role Request Approvals Confirmation Page

The screenshot displays the 'Role Approval Management' page. At the top, a green confirmation banner states: 'Confirmation: The role request(s) have been successfully approved.' Below this, the page title 'Role Approval Management' is followed by a note: 'Please note, a field with an asterisk (*) before it is a required field.' The main content area is titled 'Role Approvals' and contains a section with the instruction: 'Please select from the drop-down lists below to view corresponding requests.' This section includes three required fields: '* Role Approval Type' (set to 'Organization Role Requests'), '* Module' (set to 'HIOS Portal'), and '* Request Status' (set to 'Pending Approval'). A blue 'GET REQUESTS' button is positioned below the filters. At the bottom of the filter section, it says 'No results found.'

Records that encountered an error will return to the Pending Approval Request Status once the users select the Continue button if it was not already successfully approved by any other user.

Some approval requests may be partially successful. The confirmation page will display the records that encountered error on top of the records that were successfully approved or denied.

To approve or deny further records, the users may select the Continue button to be redirected to the previous page.

3.10 Knowledge Center

The following sections describe the different areas within the Knowledge Center.

3.10.1 Overview Page

The Knowledge Center – Overview page displays some of the most frequently asked questions (FAQs) from HIOS users (Figure 3-101). The page provides answers to these high-level questions. Additionally, you can download the HIOS Portal quick guide Portable Document Format (PDF) document which provides more in-depth detail to the main Portal functionality.

Figure 3-101: Knowledge Center – Overview Page

3.10.2 Browse by Module Page

The **Knowledge Center – Browse by Module** page displays the list of modules available within HIOS. When you expand a module accordion, you may read about the purpose of the module, the roles available to request in the module, and documents available for download if applicable. Figure 3-102 displays a portion of the Knowledge Center – Browse by Module page and Figure 3-103 displays one of the expanded accordions.

Figure 3-102: Knowledge Center – Browse by Module Page

Figure 3-103: Knowledge Center – Browse by Module Expanded Accordion

3.10.3 Glossary Page

The Knowledge Center – Glossary page (Figure 3-104). When you select the **Glossary** tab, a page displays each of the HIOS terms with the definition underneath listed in alphabetical order.

Figure 3-104: Knowledge Center – Glossary

Knowledge Center

Advice and help from the HIOS team.

[Overview](#)
[Browse By Module](#)
[Glossary](#)

The below glossary includes key HIOS terms.

Association Product

Insurance products that are sponsored by an association and which are exempt from certain requirements.

Clinical Quality Measures

Information collected from healthcare providers regarding the effectiveness of care they have provided to subscribers. This information is used to generate QHP ratings as part of the Quality Rating System (QRS).

Company

An insurance company that is a legal entity licensed to sell health insurance products and plans.

Component ID

The product I.D. and the issuer I.D. combine with information at the plan level to create a unique identifier called the Standard Component I.D which maps the combination of specific benefits and cost sharing arrangements sold for a specific price.

Domiciliary Address

The domiciliary address is the address where the establishment is maintained or where the governing power of the enterprise is exercised.

4 Troubleshooting and FAQs

4.1 FAQs

Table 4-1 details FAQs as it relates to Portal.

Table 4-1: FAQs

Question	Answer
I forgot my password. What do I do?	Select the Forgot Password link on the CMS Enterprise Portal.
I do not see the module access button for the application I would like to access. What do I do?	Refer to the User Role Request section.
I received an error stating that I am locked out of my account. What should I do?	Contact the Marketplace Service Desk (MSD) on 1-855-267-1515 or email them at CMS_FEPS@cms.hhs.gov .
I do not see the specific issuer or company information I am looking for within a specific module. What should I do?	Refer to User Role Request section.
Does every organization need a Primary and Backup ORA?	No. If you work for an organization, such as a group health plan, that only needs ONE person to access a module in HIOS (e.g., RxDC), and DOES NOT need access to any other module, you do not need to request the 'Organization Role Approver (ORA)' role. Also, organizations with only one registered user in HIOS or sole proprietors do not need ORAs. If your organization fits the descriptions above and does not have any ORAs, CMS will approve your requests.

4.2 Support

For additional assistance, please contact the MSD at CMS_FEPS@cms.hhs.gov or at 1-855-267-1515. This is the CMS Help Desk.

5 Acronyms

Table 5-1 details the acronyms and their definitions used throughout this document.

Table 5-1: Acronyms

Acronym	Definition
