

BOWLING RULES

Note: The following rules are suggested playing rules for high school bowling competition adapted from the United States Bowling Congress rulebook. Contact your state high school athletic association for variations to these guidelines.

Rule 1. LANE AND PIN DIAGRAM

Art. 1 – Lane/Equipment Specifications

Competitions must be scheduled on lanes that are currently USBC certified, and only USBC-approved equipment may be used.

Rule 2. GENERAL PLAYING RULES

Art. 1a – Game – Definition

A game of American tenpins consists of 10 frames. A player delivers two balls in each of the first nine frames unless a strike is scored. In the tenth frame, a player delivers three balls if a strike or spare is scored. Every frame must be completed by each player bowling in regular order.

Art. 1b – Baker System

The Baker System is a modified format consisting of teams of two or more bowlers.

Art. 2a – Strike

A strike is made when the full setup of 10 pins is knocked down with the first delivery in a frame. It is marked by an (x) in the small square in the upper right-hand corner of the frame where it was made. The count for one strike is 10 plus the number of pins knocked down on the player's next two deliveries.

Art. 2b – Double

Two consecutive strikes is a double. The count for the first strike is 20 plus the number of pins knocked down with the first delivery following the second strike.

Art. 2c – Triple or Turkey

Three successive strikes is a triple or turkey. The count for the first strike is 30.

Art. 2d – Spare

A spare is scored when pins left standing after the first delivery are knocked down with the second delivery in that frame. It is marked by a (/) in the small square in the upper right-hand corner of the frame. The count for a spare is 10 plus the number of pins knocked down by the player's next delivery.

Art. 2e – Open

An open is recorded when a player fails to knock down all ten pins after two deliveries in a frame.

Art. 2f – Split

A split is a setup of pins left standing after the first delivery, provided the head pin is down and:

- At least one pin is down between two or more standing pins; i.e., 7-9 or 3-10.
- At least one pin is down immediately ahead of two or more standing pins; i.e., 5-6.

Art. 3 – Scoring

Except when a strike is scored, the number of pins knocked down by the player's first delivery is to be marked next to the small square in the upper right-hand corner of that frame, and the number of pins knocked down by the player's second delivery is to be marked inside the small square. If none of the standing pins are knocked down by the second delivery in a frame, the scoresheet shall be marked with a (-). The count for the two deliveries in the frame shall be recorded immediately.

1	2	3	4	5	6	7	8	9	10
X	X	X	7 2	8 7	F 9	X	7 7	9 7	X X 8
30	57	76	85	95	104	124	143	152	180

Art. 4 – Series – How Bowled

Two lanes immediately adjoining each other shall be used in each game of league play. The first game of a series shall start on the lane where the team is scheduled with each succeeding game starting on the lane where the team finished its previous game. At the option of the league, each game may be bowled on a different pair of lanes, but a full game must be bowled on each pair.

Art 5a – Order of Bowling

Members of competing teams shall successively and in regular order bowl one frame on one lane, and for the next frame alternate and use the other lane until five frames are bowled on each lane of the pair. No changes can be made in the order of players after the start of a game.

Art. 5b – Uneven Number of Teams

In the event a competition has an uneven number of teams participating, the first bowler of a team cannot begin his/her next frame until the last bowler has completed the first ball of the team's previous frames.

Art. 6a – Legal Delivery

A delivery is made when the ball leaves the player's possession and crosses the foul line into playing territory. Every delivery counts unless a dead ball is declared. A delivery must be made entirely by manual means. Each delivery must be made with the same hand with the exception of injury or disability. No device may be incorporated in or affixed to the ball that detaches on delivery or is a moving part during delivery except those approved by USBC. A permanently disabled player may use special equipment to aid in grasping and delivering the ball.

Art. 6b – Changing Delivery

If because of injury or disability a bowler finds it necessary to change delivery from right- to left-handed or vice versa, the competition manager may permit the bowler to change delivery. If approval is obtained, the bowler must establish a new average.

Art. 7a – Definition of a Foul

A foul occurs when a part of the player's body or footwear encroaches on or goes beyond the foul line and touches any part of the lane, equipment or building during or after a delivery. A ball is in play after a delivery until the same or another player is on the approach in position to make a succeeding delivery. When a foul is recorded, the delivery counts but the player is not credited with any pins knocked down by that delivery.

Art. 7b – Deliberate Foul

When a player deliberately fouls to benefit by the calling of a foul, the player shall be credited with zero pinfall for that delivery and not allowed further deliveries in that frame. If questions arise, Article 12, Provisional Ball should be followed.

Art. 7c – Foul Detection

A USBC-approved automatic foul-detecting device must be used if available. When not available, a foul judge must be stationed in a position to have an unobstructed view of the foul line. Should a foul-detecting device become temporarily inoperative, the competition manager may designate an individual(s) to call fouls.

Art. 7d – Apparent Foul

A foul shall be declared and recorded if the automatic foul detecting device or foul judge fails to call a foul that is apparent to:

- Both coaches or one or more members of each of the opposing teams, official scorer, or competition manager. If there is a dispute, refer to Article 12, Provisional Ball.

Art. 8a – Legal Pinfall

Pins to be credited to a player following a legal delivery shall include:

- Pins knocked down or off the pin deck by the ball or another pin.
- Pins knocked down or off the pin deck by a pin rebounding from a side partition or rear cushion.
- Pins knocked down or off the pin deck by a pin rebounding from the sweep bar when it is at rest on the pin deck before sweeping dead wood from the pin deck.
- Pins that lean and touch the kickback or side partition.
- All such pins are termed dead wood and must be removed before the next delivery. No pins may be conceded and only pins actually knocked down or moved entirely off the playing surface of the lane as a result of a legal delivery may be counted.

Art. 8b – Illegal Pinfall

When any of the following occur, the delivery counts but the resulting pinfall does not:

- A ball leaves the lane before reaching the pins.
- A ball rebounds from the rear cushion.
- A pin rebounds after coming in contact with the body, arms or legs of a human pinsetter
- A pin is touched by mechanical pinsetting equipment.
- Any pin knocked down when dead wood is being removed.

- Any pin knocked down by a human pinsetter.
- The player commits a foul.
- A delivery is made with dead wood on the lane or in the gutter and the ball contacts such dead wood before leaving the lane surface.
- If illegal pinfall occurs and the player is entitled to additional deliveries in the frame, the pin(s) illegally knocked down must be respotted where they originally stood before delivery of the ball.

Art. 9a – Pins – Improperly Set

It is each player's responsibility to determine if a setup is correct. The player shall insist that any pin(s) incorrectly set be respotted before delivering the ball, otherwise the setup is deemed to be acceptable.

When bowling at a full setup or to make a spare if it is discovered immediately after the delivery that one or more pins are set improperly, but not missing, the delivery and resulting pinfall count.

No change can be made in the position of any pin(s) left standing after the bowler's first delivery, unless:

1. The pinsetter moved or misplaced any pin(s), or
2. Any standing pin(s) is/are outside the range of the sweep bar.

Any such pin(s) will be respotted where it (they) originally stood before the delivery.

Art. 9b – Pins – Rebounding

Pins that rebound and stand on the lane must be counted as standing pins.

Art. 9c – Pins – Replacement

Should a pin be broken or otherwise badly damaged during the game, it shall be replaced at once by another as nearly uniform in weight and condition with the set in use. The competition manager shall determine whether pins shall be replaced.

A broken pin does not change the score made by the bowler. The pins knocked down are counted, and then the broken pin is replaced.

Art. 10 – Dead Ball

When a dead ball is called, the delivery does not count and the correct pins must be respotted. The player is allowed to rebowl that delivery.

- A ball shall be declared dead if any of the following occur:
 - After a delivery, attention is immediately called to the fact that one or more pins were missing from the setup.
 - A human pinsetter interferes with any standing pin before the ball reaches the pins.
 - A human pinsetter removes or interferes with any downed pin before it stops rolling.

- A player bowls on the wrong lane or out of turn, or one player from each team on the pair of lanes bowls on the wrong lane.
- A player is interfered with by the pinsetter, another player, spectator, or moving object as the ball is being delivered and before delivery is completed. In such case, the player has the option to accept the resulting pinfall or have a dead ball called.
- Any pin is moved or knocked down as a player delivers the ball but before the ball reaches the pins.
- A delivered ball comes in contact with a foreign obstacle.

Art. 11 – Bowling on Wrong Lane

During competition, a dead ball shall be called and the player or players required to re-bowl on the correct lane when:

- One player bowls on the wrong lane.
- One player from each team on the pair of lanes bowls on the wrong lane.
- If more than one player on the same team bowls on the wrong lane in turn, all deliveries stand as bowled.
- Upon discovery, bowlers shall complete subsequent frames on the correct lanes.
- In singles match play competition where a player normally bowls two frames each time it is the player's turn to bowl, and the player bowls on the wrong lanes, a dead ball shall be called and the player required to re-bowl on the correct lanes, providing the error was discovered before the opposing player has made a delivery. Otherwise, the score stands as bowled, with all subsequent frames in the game bowled on the correct lanes.

Art. 12 – Provisional Ball

A provisional ball or frame shall be bowled when a protest involving a foul, legal pinfall or a dead ball is made and cannot be resolved. The following procedures apply when a dispute occurs:

- For the first ball of any frame, or after the second ball in the 10th frame if the first ball was a strike:
 - **Foul:** The player shall complete the frame and then bowl one provisional ball at a full setup of pins.
 - **Illegal Pinfall:** The player shall complete the frame and then bowl one provisional ball at the same setup which would have remained standing had the disputed pin(s) not have fallen.
 - **Dead Ball:** The player shall complete the frame then bowl a complete provisional frame.

BOWLING RULES

- On a spare attempt or the third ball of the 10th frame:
 - **Foul and Illegal Pinfall:** No provisional ball is necessary.
 - **Dead Ball:** A provisional ball shall be bowled at the same setup which was standing when the disputed ball was bowled.

The scoresheet and a record of both scores for the frame which the provisional delivery was made shall be kept. The protest must be referred to the competition manager/games committee for a final decision.

Art. 13a – Scoring

Scores must be recorded in plain view of opposing players. Every frame bowled by each player shall be recorded. The recorded scores are the official record.

Correction of clerical errors will be done in accordance with the procedures adopted by each state athletic/activities association.

Art. 13b – Scores – Lost

A game(s) or frame(s) within a game which is irretrievably lost in the scoring process is null and void. The game(s) or frame(s) must be rebowled unless one of the following conditions is met:

- Scores of any players that have been lost can be documented.
- The coaches can completely agree on one or more scores lost. If scores on a pair of lanes can be documented or agreed upon, the game shall be continued from the point of interruption. If some but not all of the scores can be documented or agreed upon, those bowlers whose scores cannot be substantiated shall rebowl the game to the point of interruption, at which the game shall be continued in regular order.

Art. 14 – Forfeit – Delay of Game

No unreasonable delay in the progress of any game is permitted. If a player or team refuses to proceed with a game after being directed to do so by the competition manager/games committee, the contest shall be declared forfeited.

Art. 15 – Interrupted Game

If equipment failure on a pair of lanes would delay the progress of a series, an official can:

- Authorize the game and series to be completed on another pair of certified lanes.
- Authorize the game and/or series to be bowled on one lane when another pair of certified lanes is not available. However, when the original pair or another pair of certified lanes

becomes available, the team(s) may resume play on a pair of lanes.

An interrupted game and series shall be resumed from the point of interruption.

Any bowling ball used in USBC sanctioned competition must be approved and identifiable as a ball listed in the “Approved Bowling Balls” list located on the specifications and certifications page of bowl.com. Additionally, for identification purposes, each ball must have some form of serial number (this may be engraved or re-engraved by the bowler). - Are constructed of a nonmetallic material.
- Are locked in position during delivery.
- No device shall be employed for the purpose of adjusting the static balance of the ball.

The introduction of metal or any other substance not comparable to the original material used in the manufacture of the ball is prohibited. Also, altering a ball in any way to increase its weight or cause it to be out of balance beyond the tolerances is prohibited.

Plugs may be inserted for the purpose of re-drilling a ball. Designs may be embedded in a ball as guides, or observation or identification purposes, provided the designs are flush with the outer surface of the ball. There shall be no interior voids and the plugs or designs must be of material similar to, although not exactly the same as, the original material out of which the ball was made; and shall otherwise comply with all bowling ball specifications.
