

Certified Correctional Health Professional Clinical Provider

SPECIALTY CERTIFICATION FOR CORRECTIONAL PHYSICIANS, NURSE PRACTITIONERS AND PHYSICIAN ASSOCIATES

From the Premier National Certification Program for Professionals in Correctional Health Care

Professional Advancement

The CCHP-Clinical Provider credential recognizes expertise among physicians, nurse practitioners, and physician associates/assistants practicing in the specialized field of correctional health care. A CCHP-CP has demonstrated understanding of the clinical needs of the incarcerated population and possesses knowledge of the unique challenges, legal context, and policies and procedures specific to clinical providers practicing in a correctional environment. A CCHP-CP has shown a mastery of specialized content developed by experts in the field of correctional health care.

Specialty certification as a clinical provider provides validation of a commitment to maintain the knowledge necessary to augment competent and appropriate clinical care to incarcerated patients. The CCHP-CP program defines the domain of knowledge unique to practicing in a correctional environment, to provide a valid assessment of this knowledge, to encourage continued professional development in the field of correctional health care, and to promote the public's health by encouraging health care quality.
